

EAST HADDAM FIRE DEPARTMENT

Properly marking your driveway so first responders can identify your house quickly reduces response time. Not being able to properly identify your house takes valuable response time!

We need to be able to see numbers in our headlights during dark and stormy nights, as well as during and after heavy snowfalls. So be sure you pick a location that doesn't get buried in the snow or by the snowplow in the winter. Be sure to keep any shrubs/bushes/trees trimmed so the number is visible.
